

Building
communities
one life
at a time

Dear Friends,

This weekend, the Bronx community suffered a heartbreaking loss. A building fire took the lives of 17 souls, eight of whom were children. Our thoughts and prayers are with the families during this difficult time.

As we deal with this immeasurable pain, MMCC wants to be an ever-present source of support and comfort for the families of those who perished. MMCC will provide key resources in the areas of pantry services, housing, and emergency benefits to those affected by this tragedy.

Please contact **Marisol Baez**, Families Program Director at (718) 882-4000, ext. 352.

With Sympathy,

Rita Santelia
